**RONALD MCDONALD
HOUSE NEW YORK**

Ronald McDonald Houses around the world accommodate families with hospitalized children under 21 years of age who are being treated at nearby hospitals and medical facilities. These houses are located just minutes away from the special care hospitals that are required to help children get back to full health. Ronald McDonald Houses allow families to stay free of charge. They also provide families with home cooked meals. Houses like these scattered throughout the world allow families to have a home away from home and focus on what is important, their child's health.
